## Global

- **FSB publishes annual progress report on meeting the targets for cross-border payments**  
It [monitors](#) the progress towards the 11 global targets and this edition revises the methodology to calculate the speed and transparency KPIs for retail payments.

## Europe

- **EBA publishes its final Guidelines on the management of ESG risks**  
It [sets out](#) requirements for the management of ESG risks and the content of the so-called prudential transition plans. They will apply from 11 Jan 2026 except for small and non-complex institutions.
- **ECB publishes updated framework for assessing capital buffers of OSIs**  
It has enhanced its [floor methodology](#) to assess capital buffers for O-SIs so that it also takes into account the systemic importance of O-SIs for the banking union as a whole. It will be fully phased in by Jan 1, 2028.
- **EBA consults on RTS on the prudential treatment of crypto assets exposures**  
It [develops](#) the capital treatment for 'ARTs' and 'other' crypto-assets exposures and aligns, to the extent possible, this prudential treatment with the elements specified in the Basel standard. Deadline: Apr 8, 2025.
- **EBA publishes single programming document years 2025 - 2027**  
[Focus](#) on prudential regulation development, risk analysis, handover to AMLA of AML mandate, oversight of ICT-third-party service providers and issuers of significant asset-referenced and e-money tokens.
- **ESMA launches selection of the Consolidated Tape Providers (CTP) for bonds**  
The CTP [aims](#) to enhance market transparency and efficiency by consolidating trade data from various trading venues into a single and continuous electronic stream. Deadline: Feb 7, 2024.

- **ESMA publishes feedback received to proposed review of securitization disclosure templates**  
It [provides](#) a detailed analysis on the costs and benefits of revising the existing disclosure framework, in line with the four potential implementation options proposed in the Consultation Paper.
- **EIOPA publishes biannual shifted risk-free rates**  
These term [structures](#) are applied to calculate the option-adjusted duration of technical provisions, which must be reported according to the Guidelines on reporting for financial stability purposes.
- **ECB publishes supervisory banking statistics on SIs for Q3 2024**  
They [show](#) that the EU banks maintain solid capital and liquidity positions while profitability and NPLs figures both remain stable compared to the previous quarter.
- **ESMA publishes 2024 ESEF XBRL files and ESEF conformance suite**  
It [assists](#) software vendors and issuers in preparing the 2024 IFRS consolidated financial statements using the most updated version of the ESEF format.

## Spain

- **MinECO amplifies powers for CNMC as a Digital Services Coordinator under the Digital Services Act**  
This responds to the European Regulation on digital services, whereby each member state must create a [Digital Services Coordinator](#).

## United Kingdom

- **PRA issues policy statement on resolution assessment**  
It [contains](#) the PRA's final policy (taking effect on Jan 10, 2025), which provides greater flexibility over the timing of Resolution Assessment report submissions and disclosures.
- **BoE, FCA, PRA and PSR conduct 2024 review of MoU for payment systems in the UK**  
The [authorities](#) have a MoU which sets out a high-level framework that they use to cooperate in relation to payments systems. The Financial Services Act 2013 requires authorities to perform an annual review.

## United States

- **US Treasury releases final rules for technology-neutral clean electricity credits**  
They [provide](#) certainty around what clean electricity zero-emissions technologies qualify for the credits and guidance to clarify how combustion and gasification technologies can qualify in the future.
- **OCC issues annual report 2024**  
It [provides](#) an overview of the condition of the federal banking system, discusses its strategic priorities and initiatives, and shares the agency's financial management and condition.
- **OCC announces revisions to the asset-size threshold amounts used to define banks**  
It [adjusts](#) current thresholds for "small bank or savings association" and "intermediate small bank or savings association" based on the annual percentage change in a measure of the CPI, effective as of Jan 1, 2025.
